

CyberSafe India Workshop (CSR/QS1001)

Theme: Building a Digitally Secure Student Community

Duration: 4 Hours

Module Breakdown:

Hour 1: Introduction to Cybersecurity

- Understanding Cyber Threat Landscape
- Types of Cyber Attacks (Phishing, Malware, Ransomware, Identity Theft)
- Real-life Case Studies (Student-focused incidents)

Hour 2: Digital Safety & Best Practices

- Password Security & Multi-Factor Authentication
- Safe Browsing & Email Security
- Social Media Privacy Settings

Hour 3: Data Protection & Legal Awareness

- Personal Data Protection Basics
- Introduction to IT Laws (India)
- Cyber Ethics & Responsible Digital Behavior

Hour 4: Hands-On & Activity Session

- Identifying Fake Links & Emails
- Live Simulation: Phishing Attack Detection
- Cyber Safety Checklist for Students

Outcome:

Students become aware of cyber risks and develop safe digital habits.
